WELCOME TO LYCOMING COUNTY

INTRODUCTION

Lycoming County was formed from Northumberland County on April 13, 1795. Its name was derived from a Delaware Indian word meaning "gravelly or sandy creek."

Lycoming County lies in the heart of north central Pennsylvania on the west branch of the Susquehanna River and is the gateway to the PA Wilds. The largest county, by geographical area in Pennsylvania, Lycoming County is part of the Allegheny Mountain chain and contains many parks, state game lands and forests as well as miles of rivers and streams.

Williamsport serves as the county seat. Williamsport was a major center for lumbering in the 1860's. The city's historic district has Victorian mansions that were once the homes of lumber barons. The city is the home of the Little League Baseball International Headquarters (founded 1939) and the site of its annual World Series. Williamsport also houses Lycoming College (1812) and Pennsylvania College of Technology (1989), which is part of the Pennsylvania State University system.

Overview

Lycoming County is Pennsylvania's largest county by land area, covering 1,244 square miles. It's about 130 miles northwest of Philadelphia and 165 miles east-northeast of Pittsburgh. There are 52 municipalities in Lycoming County. According to the 2023 U.S. Census Bureau, the population of Lycoming County is 112,724, making it a Fifth Class County. It is included in the Williamsport, Pennsylvania metropolitan statistical area, whose county seat is Williamsport.

The City of Williamsport has the highest population of any municipality (30,706 or 25.6%), while Brown Township in the northwest corner of the county has the lowest population (111 or 0.092%). Most of the county's population is in the valley along the West Branch Susquehanna River.

Lycoming County offers a wide range of year-round recreational opportunities from hiking and biking on our internationally recognized Pine Creek Rail Trail to canoeing or kayaking along the West Branch of the Susquehanna River which flows through the county.

While you are visiting, you can cruise the Susquehanna River aboard the Hiawatha Paddlewheel Riverboat; learn about the history of Little League Baseball with a visit to the World of Little League; take a walk along Williamsport's Millionaires' Row National Historic District to admire the Victorian architecture from our lumber era; catch a fly ball at BB&T Ballpark at Historic Bowman Field as you watch the Williamsport Crosscutters; or catch a show at the Community Arts Center.

BUDGET PROCESS

Message to Lycoming County Citizens

A successful budget process is at the core of good government. The Lycoming County budget process strives to maintain critical services, continue sensitivity to the taxpayer, and protect the quality of life that we value in Lycoming County through a comprehensive plan that is reflective of the goals and objectives set forth by the Board of Commissioners. It also provides the framework for sound decision-making for the County's future.

About the Budget

Lycoming County operates on a January 1 – December 31 calendar year. The County budget consists of two parts: operating and capital.

The Operating Budget covers the day to day activities of the county and related departments. This includes expenses such as salaries, the cost of supplies and services, rent, bond and loan repayments, grants, and employee benefits. It is mostly paid for by tax revenue, derived mainly from the property tax and the local income tax. Most of the money covered by the operating budget is in the General Fund, but the budget also contains a variety of special funds, all of which have special sources of revenue and are used for restricted purposes.

The Capital Budget deals mainly with structures that have long useful lifespans like buildings, bridges, roads, and parks. The capital budget may also include the furniture, equipment, and supplies that are needed to start up operations at a new facility. The projects in the capital budget are sometimes paid for with current revenues. Sometimes projects have special funding sources. Projects are also sometimes paid for with borrowed money, generally through bonds like general obligation bonds. A project will often have a mix of funding sources.

Lycoming County has multiple funds that keep designations for public money organized and transparent. Each major department of the County has a line-item budget that tracks all revenue and expenditures in the County's financial software system.

Overview of the Budget Process

The budget process is a continuous, ongoing process of monitoring, reviewing, and adjusting financial plans as needed throughout the calendar year to adapt to changing conditions and dynamics. This cyclic and continuous process ensures the budget remains relevant and effective in guiding the County's financial decisions. The budgeting process includes the following steps: budget development, budget review, public display and budget adoption.

Budget Public Display
(June - November)

Budget Review
(November)

Budget Adoption
(December)

1. Budget Development

The first step of the budget process is budget development, which is identifying budget objectives, operating budget requests and capital budget requests. The Department of Financial Management opens the budget the beginning of March and all Departments input and submit their operating and capital budget requests through the County's financial software system by the end of May to the Department of Financial Management.

2. Budget Review

The Chief Budget Officer reviews all budget requests with the Director of Financial Management in June. The Director of Financial Management then begins to hold a series of budget meetings with department directors to go over requests, forecast, analyze and revise requests. Once budget meetings are complete, the Director of Financial Management provides a budget analysis to the Board of Commissioners and holds final budget meetings with Department Directors and the Board of Commissioners.

3. Public Display

The public shall be given notice by publication in the Williamsport Sun-Gazette and the County website at least twenty (20) days before the date set for the adoption of the budget that the budget is available for public inspection and comment. The Commissioners will also hold two (2) Budget Public Outreach Meetings to discuss the proposed budget and receive public input and comment.

4. Budget Adoption

The budget must shall be adopted on or before December 31st and posted online for viewing on the County's website at www.lyco.org. The Financial Management Department then begins to monitor expenditures to ensure that budget funds are spent as intended. The Financial Management Department, in conjunction with the Controller's Office, will perform final year-end budget reconciliation, among other year-end accounting modifications.

COUNTY FUND TYPES

The County has five fund balances, which are outlined below:

- 1. The General Fund is the largest County fund and is the primary operating fund of the County. The General Fund is the main account for all financial resources of the county not required to be accounted for in some other fund.
- The Special Revenue Fund accounts for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes, which is inclusive of grants.
- 3. The Debt Service Fund accounts for the accumulation of resources that are restricted or committed to expenditures for, and the payment of, principal and interest on bonds issued in support of governmental activities.
- 4. The Capital Projects Fund accounts for financial resources that are restricted or committed to expenditures for the acquisition, construction, or improvement of capital facilities.
- 5. The Enterprise Fund is the primary operating fund for the Lycoming County Landfill. This Fund accounts for any activity for which a fee is charged to external users for goods or services. If an activity's principal revenue source meets any one of the following criteria, it is required to be reported as an enterprise fund: (1) an activity financed with debt that is secured solely by pledge of the net revenues from fees and charges for the activity; (2) laws or regulations require that the activity's costs of providing services, including capital costs, be recovered with fees and charges, rather than with taxes or similar revenues; or (3) pricing policies establish fees and charges designed to recover the activity's costs, including capital costs.

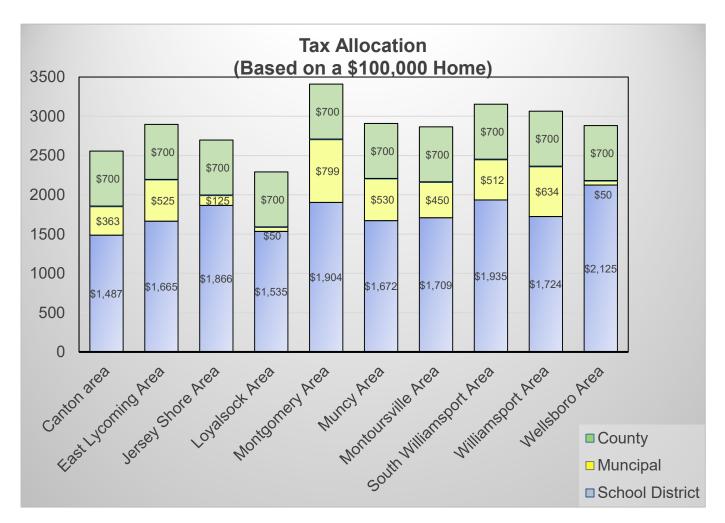

TAX ALLOCATION

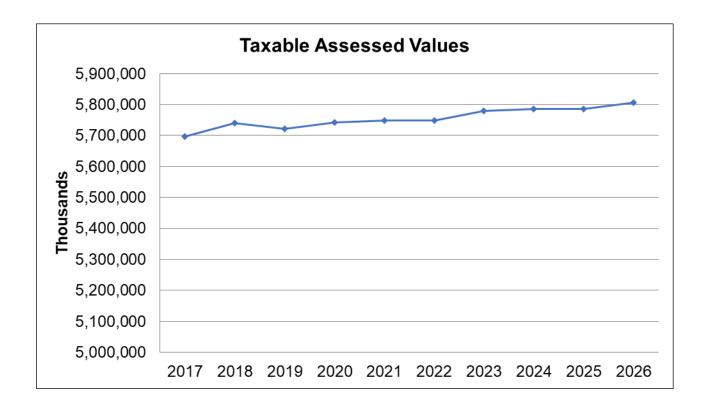

Real estate tax revenues are charged by three separate governmental entities:

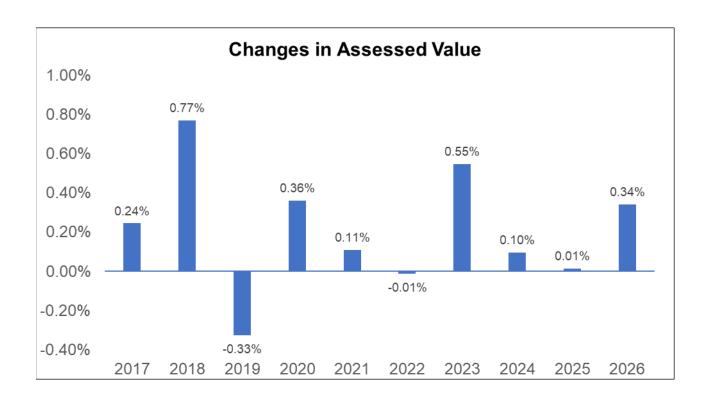

- 1. Lycoming County
- 2. Township/Borough
- 3. Local School District

Tax Dollar amount is based on the millage rate per the assessed value of real estate property. Based on a \$100,000 home, on average Lycoming County tax Rate is 25% (\$700.00), the township/borough tax is 9% (\$237), and school district tax is 66% (1,813) of your total tax bill.

Note: The formula is Assessment x Millage = Tax (face amount). The county updated tax rate is 7.0% or 0.0070. A property with \$100,000 value and rate of 7.0 mills would be calculated as follows: $0.0070 \times 100,000 = 700 .

LYCOMING COUNTY REGISTER & RECORDER

Mission Statement:

Mission is to record, protect, preserve and reproduce legal documents that pertain to Real Estate in Lycoming County. All document records of land since the year of 1795 in the Recorder of Deeds Office are available during regular office hours and are also available online at **pa.uslandrecords.com**.

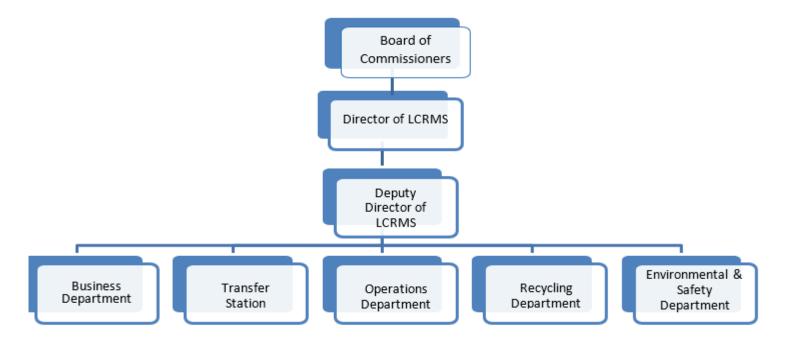

Budget Narrative:

The Recorder of Deeds is involved with anything and everything involving land records. As part of the process, official recordings are completed and public records then are maintained accordingly. As we emphasize in all areas within the Register and Recorder Office, we are essentially "record keepers." The recorder of deeds function makes records available for examination and research. Our responsibilities are limited and we cannot provide the advice in regard to land records that many people seek to obtain. This area also disburses funds (via transfer taxes) to the proper entities such as municipalities and school districts. The Recorder of Deeds area also is responsible to record military discharges (DD-214 form). Finally, the Recorder of Deeds will issue an oath to a notary and will record the bond and commission and maintain a public record, as required by law.

The Register of Wills protects all probates of the deceased. It involves issuing letter of testamentary to executors and those responsible for an estate. Filings in the Register of Wills area are considered as estate administration. The Register of Wills area also handles Inheritance taxes.

The Orphans' Court is responsible for performing the administrative duties of the court when it comes to guardianships and adoptions. The sales of marriage licenses are also an Orphans' Court function as this is where the Marriage Application begins.
