## Charles Calvin Roan, Sr. Marine (1951-1954)

Charles Roan was born June 30, 1931 and passed away February 18, 2025.

This information has been shared by his family.

Charles Roan was a proud Korean War Marine Veteran. He served 1 year on the front lines of Korea as a Buck Sergeant of Charlie Company, 1<sup>st</sup> Battalion, 7<sup>th</sup> Marine Division (1951-1954).

He was married to Carol Alice Drake. They would have celebrated their 71<sup>st</sup> anniversary this year. Chuck is survived by his wife, Carol and his children, Melinda Steis (Gary), Michael T. Roan (Laura), Charles C. Roan, Jr. (Denise), and 10 grandchildren and 5 great-grandchildren.

He began working for his father in the antique and auctioneering business. He was the first Veteran in PA to use the VA Bill for auctioneering school.

Over his life, he was a dedicated volunteer for local charities in PA and later in FL.

He was a member of the Korean War Veterans of Lycoming County until relocating to Florida (2010) and the Marine Corps League. He was a life member of Masonic Lodge 106, Marine Corps League, VFW, American Legion and AmVets. He served on the board of the Lycoming County Veterans Council.

In his travels he met a fellow Veteran at the AmVets club in Gastonia, NC who introduced him to the largest flying American flag in the world .

Chuck was mesmerized by this.

On the facing page is a reprint of an article written in the Web Weekly.

Chuck is memorialized on the painted wall mural near Bullfrog Brewery in Williamsport.

# Remembering Chuck Roan: A dedicated Patriot and Public-spirited Citizen

By Lou Hunsinger Jr.  
Webb Weekly

**This Independence Day**, as thousands gather in downtown Williamsport, they will be greeted by a skyline dominated by an enormous American flag. The driving force behind the effort to display this symbol of our freedom during the annual July 4 festivities was the late Chuck Roan, who passed away this past February.

“Semper Fidelis,” meaning “always faithful,” is the motto of the United States Marine Corps, which Chuck Roan proudly served in for four years, truly embodying the phrase “Once a Marine, always a Marine.” This motto could easily apply to Chuck himself.

Among all his public-spirited activities, Chuck was particularly proud of his role in bringing the world’s largest United States flag to Williamsport for display during the July 4th celebrations. In an interview I had with him about 15 years ago, he shared that this was the achievement he cherished the most.

“I get a lump in my throat and shed tears when I see that large flag displayed under highway lighting, allowing everyone to see it wave proudly,” Chuck remarked.

Chuck’s many charitable and public service contributions are also noteworthy. Over the years, he organized and conducted charity auctions for various groups, including the Trout Run Volunteer Fire Company, the Multiple Sclerosis Society, the American Cancer Society, Ducks Unlimited, Trout Unlimited, the American Red Cross, and the Boy Scouts of America. His philanthropic efforts extended to the Williamsport High School Key Club, the Junior League, Four Mile Drive Elementary School PTA, the Tressler Lutheran Group, the Salvation Army, the Women’s Medical Auxiliary, the Lycoming Historical Society, the National Rifle Association, Pennsylvania Bowhunter’s Association, and the Make-A-Wish Foundation, just to name a few.

Additionally, he raised funds for numerous organizations such as the Korean War Veterans of Lycoming County, the Muscular Dystrophy Association, Little League Baseball, Hurricane Hugo Recovery Efforts, the Marine Corps League, the Trout Run Hill Climb Association, the Veterans of Foreign Wars, the Lycoming County Veterans Council, the Trout Run United Methodist Church, and AMVETS.

“I enjoy helping people, and that’s how I got involved in charity auctions,” Chuck told Webb Weekly in a previous interview. “I have always derived great satisfaction from helping these groups raise funds to support the good work they do.”

In his professional life, Chuck was one of the area’s most well-known and accomplished auctioneers. In an episode of the television show “\*M\*A\*S\*H\*,” the character Major Frank Burns stated, “When they run that flag up the flagpole, they run me up with it.” This sentiment beautifully captures Chuck Roan’s pride whenever the large flag, which he helped bring to the area, is displayed on Independence Day.

**Lycoming County Veteran's Parade Committee**

Dear Friends of Veterans,

Every year, a parade to honor our Veterans is sponsored by the "Lycoming County Veteran's Parade Committee". Last year the parade was held at Muncy, PA, and this year we are excited to have Montgomery host the 2025 Veteran's Day Parade on Saturday, November 8th. The parade will begin to form at 12:30pm and start at 2:00pm.

In order for the parade to continue its success, we need your support. You can help in multiple ways. First, please consider participating in the parade. Participants in the parade do not need to be Veterans. A float sponsored through your business or civic group, or even organizing a scout group to march in the parade is a fantastic way to show support to our Veterans.

The other type of support needed is financial. Please consider making a financial contribution or purchasing an ad in our program. Our Veterans have given so much to our country, and have asked for so little. Please help to honor our Veterans and demonstrate that their sacrifices are honored, recognized and appreciated through your donations. Information, including instructions and deadlines are enclosed.

Thank you for taking the time to review this letter, and we look forward to your participation and/or your financial support in this celebration.

Sincerely,

*The 2025 Veteran's Parade Committee*

## Caregiver Support Program – About Us

The Department of Veterans Affairs (VA) understands that the caregiver community is vital to the recovery and care of Veterans. The Caregiver Support Program (CSP) offers clinical, educational, and holistic services to individuals who care for Veterans enrolled in VA health care. CSP supports anyone who provides care services to a Veteran, whether it is medicine management, grocery shopping, helping a Veteran get dressed, or full-time personal care services. Anyone who provides care to a Veteran enrolled in VA health care can participate in CSP.

CSP is a national program comprised of two subprograms: Program of General Caregiver Support Services (PGCSSS) and Program of Comprehensive Assistance for Family Caregivers (PCAFC). Every VA facility has a local team, where caregivers can access a variety of national resources while receiving tailored support from their local CSP Teams.

## Program of General Caregiver Support Services (PGCSSS)

PGCSSS is the core of CSP and provides Peer Support Mentoring, skills training, coaching, telephone support, online programs, and referrals to available resources to caregivers of Veterans. The Veteran must be a VA health care enrollee and receive care from a caregiver in order for the caregiver to participate. We refer to caregivers participating in PGCSSS as General Caregivers. Learn more about PGCSSS here: [https://www.caregiver.va.gov/Care\\_Caregivers.asp](https://www.caregiver.va.gov/Care_Caregivers.asp)

## Program of Comprehensive Assistance for Family Caregivers (PCAFC)

PCAFC provides specialized services to caregivers for eligible Veterans including resources offered through PGCSSS, as well as education, support, respite, mental health counseling, a financial stipend and health insurance, if eligible. Services provided through PCAFC are available for caregivers who assist eligible Veterans who have a serious injury (including serious illness) incurred or aggravated in the line of duty in the active military, naval, or air service. Caregivers participating in PCAFC are referred to as Family Caregivers. Veterans can designate a Primary and Secondary Family Caregiver. Family Caregivers must be a family member or live full-time with the Veteran. Find eligibility criteria for enrollment and how to apply for PCAFC here: [https://www.caregiver.va.gov/support/support\\_benefits.asp](https://www.caregiver.va.gov/support/support_benefits.asp).

## Public Transportation Services in Pennsylvania

- **Fixed Route:** Fixed route is a bus or rail service following consistent routes and schedules. Vehicles make regularly scheduled stops to pick up and deliver passengers, with each trip serving the same origins and destinations. 49 counties have fixed route bus service.
- **Shared Ride:** Shared ride services take riders from one location, such as their home, to their destination. These services are designed to serve riders in situations where fixed route services cannot meet their needs. All 67 counties have shared-ride service.
  - Trips are scheduled at least one day prior, and vehicles are shared by multiple riders.
  - While shared ride services are open to the public, all riders must register with their local shared ride provider before booking.
- **Transportation services and program applications are managed by local providers.**

For more information,  
please visit

<https://pa.gov/findmyride>

## Transportation Assistance Programs

- The **Free Transit Program for Seniors** provides a pass to seniors 65 or older to ride for free on all public transportation fixed route bus services in Pennsylvania.
- **Americans with Disabilities Act (ADA) Complementary Paratransit** is for individuals who have disabilities preventing them from using fixed route service. All fixed route public transportation systems offer ADA Paratransit within 3/4 mile of a fixed route. The cost of service will not exceed twice the cost of the fixed route fare.
- The **Senior Shared Ride Program** enables seniors 65 years of age and older to use shared ride services and pay only a small portion of the regular shared ride fare.
  - PennDOT pays 85% of the full fare for seniors. Various local agencies may partially or fully cover the remaining 15% of the fare. The passenger is responsible for any remaining portion of the fare.
- The **Persons with Disabilities (PwD) Program** provides discounted shared ride service rates to persons with disabilities aged 18-64 who live/travel outside fixed route systems
  - In 66 counties, passengers pay a portion of the regular fare and the PwD program pays the remainder of the fare (up to 85%) for trips that are not eligible for any other funding source. Proof of disability is required.
- The **Medical Assistance Transportation Program (MATP)** provides non-emergency medical transportation at no cost to Pennsylvania residents who receive medical assistance and have an unmet transportation need. MATP is managed by the Department of Human Services (DHS).

SUICIDE & CRISIS  
**LIFELINE**

## S

**Spot the signs that indicate a Veteran may be thinking about suicide**

The signs below may indicate that a Veteran needs help. If you or a Veteran you know is experiencing any of these, contact the Veterans Crisis Line:

- Hopelessness, feeling like there's no way out
- Anxiety, agitation, sleeplessness, or mood swings
- Feeling like there's no reason to live
- Rage or anger
- Engaging in risky activities without thinking
- Increasing alcohol or drug use
- Withdrawing from family and friends

The signs below require immediate attention. If you or a Veteran you know is experiencing any of these and needs medical attention, call 911 now:

- When asked, they express a desire to hurt or kill themselves
- When prompted, they reveal they're looking for ways to die by suicide
- They talk about death, dying, or suicide
- They begin to exhibit self-destructive behavior, such as increased drug or alcohol use, talking about obtaining/using weapons for self-harm, or saving up medication

## A

**Ask the critical question: "Are you thinking of killing yourself?"**

Other ways to ask the question include: "Are you thinking of suicide?" or "Have you had thoughts about taking your own life?"

When asking the question, remember:

- **DO** ask the question if you've identified warning signs
- **DO** ask the question in such a way that's natural and flows with the conversation
- **DON'T** ask the question as though you're looking for a "no" answer ("You're not thinking of killing yourself, are you?")
- **DON'T** wait to ask the question until they're halfway out the door

## V

**Validate the Veteran's experience**

Use the following steps to let the Veteran know you're listening and acknowledge their experience:

- Talk openly about suicide. Be willing to listen, allow the Veteran to express their feelings, and make supportive, encouraging comments.
- Recognize the situation is serious
- Don't pass judgement

## E

**Encourage and support next steps with the Veteran**

If a Veteran is having thoughts of suicide, remain calm and reassure them help is available:

- **DON'T** keep the Veteran's suicidal behavior a secret
- **DON'T** leave them alone
- Try to get the Veteran to seek immediate help from their doctor or the nearest hospital or emergency room
- Call 911

**Safety is Important**

**Never negotiate with someone who has a gun.** Get to safety and call 911. If the Veteran has taken pills, cut themselves, or has done harm to themselves in some way, call 911.

# HOW COMMON IS PTSD?

PTSD (posttraumatic stress disorder) can occur after you experience a traumatic event, like an accident, natural disaster, physical or sexual assault, or combat.

About **70%** of people (**7 out of 10**) worldwide will experience at least one traumatic event in their lifetime.

Most people who experience a traumatic event will **not** develop PTSD...

## PTSD IN THE UNITED STATES

About **6%** of adults will have PTSD at some point in their lives.

**PTSD is more common in women** than men, in part because of the types of traumatic events women are more likely to experience, like sexual assault.

About **8%** of women will have PTSD at some point in their life.

About **4%** of men will have PTSD at some point in their life.

\*We are learning more about trauma and PTSD among transgender and non-binary individuals.

## PTSD IN VETERANS

Veterans are more likely to have PTSD than civilians.

Veterans who deployed to a war zone are slightly more likely to have PTSD than those who did not.

Hispanic and Black Veterans are more likely to have PTSD at some point in their lives relative to white Veterans.

Veterans who identify as LGBTQ+ are more likely to have PTSD and risk increases with time in the military.

# Veteran Community Care

## Billing and Payments

As with other VA care, under the VA MISSION Act, Veterans may need to pay a copayment for care for nonservice-connected conditions when receiving care from a community provider.

### **Veteran Copayments and Health Insurance**

After receiving care from a community provider, Veterans may have to pay a copayment for nonservice-connected care, just as they would if they received care at a VA medical facility. For urgent care furnished under a separate benefit, copayments depend on the Veteran's assigned priority group and the number of times he or she visits an in-network urgent care provider in a calendar year.

Copayments are not paid out-of-pocket at the time the eligible Veteran receives care. All VA copayments are billed as part of VA's normal billing process.

VA may also bill a Veteran's other health insurance for care for nonservice-connected conditions. More information about VA copayments and health insurance is available on VA.gov from the links below:

- **Copayments:**  
[https://www.va.gov/COMMUNITYCARE/revenue\\_ops/copays.asp](https://www.va.gov/COMMUNITYCARE/revenue_ops/copays.asp)
- **Health Insurance:**  
[https://www.va.gov/COMMUNITYCARE/programs/veterans/Health\\_Insurance.asp](https://www.va.gov/COMMUNITYCARE/programs/veterans/Health_Insurance.asp)
- **Billing/Making Payments:**

- **Financial Hardship:**  
[https://www.va.gov/COMMUNITYCARE/revenue\\_ops/Financial\\_Hardship.asp](https://www.va.gov/COMMUNITYCARE/revenue_ops/Financial_Hardship.asp)

### **Release of Information for Sensitive Diagnosis**

VA is no longer required to obtain written authorization from Veterans to bill their health insurance companies for health care related to a sensitive diagnosis, which includes drug or alcohol use, alcoholism, HIV/HIV testing, and sickle cell anemia. VA has provided notice of this change, which the Department began implementing on January 28, 2019, to Veterans whose requests not to bill their other health insurance for these particular conditions were granted.

Sensitive diagnosis information may be included in a claim or in copies of a Veteran's medical record.

### **Adverse Credit Reporting**

Veterans can call the VA Adverse Credit Helpline at **877-881-7618** to help resolve adverse credit reporting and debt collection issues as a result of using community care.

### **Community Care Claims and Payments**

Community providers should refer to the terms of the applicable contract or agreement governing their provision of community care to determine requirements regarding claims and payment. The applicable contract or agreement may be directly with VA or may be with a Third Party Administrator (TPA) under contract with VA to administer portions of VA's community care program.

The status of a community care claim filed directly with VA is available in the Customer Engagement Portal (CEP) located at the following web address: <https://www.cep.fsc.va.gov> (registration required). Patient and claim identifiers are needed to locate the unique claim status information. Questions about the status of claims submitted to a TPA should be directed to the TPA.

Andrew Miller was a member of Company F of the Pennsylvania 178th drafted militia. The unit was organized in Harrisburg. They were present in Newport News for their defense until 12-29-1862, they wintered in Yorktown, VA. The 178th saw such places as Bottoms Bridge, Chickahominy, and Richmond before being mustered out in Washington, D.C.

Andrew was murdered by his wife's lover, George Smith, on March 18, 1880. He left behind 3 daughters, all below the age of 10. Catherine Rush Miller and George Smith were hung for their crimes at the Lycoming Jail in Williamsport.

Andrew, having nothing left to his name and no other family was laid to rest in a pauper's grave in the Pine Creek Cemetery shortly after his death.

# Tomb of the Unknown Soldier

In 1921, an American soldier – his name “known but to God” – was buried on a Virginia hillside overlooking the Potomac River and Washington, D.C. The burial site of this unknown World War I soldier in Arlington National Cemetery became known as the Tomb of the Unknown Soldier. The neoclassical, white marble sarcophagus depicts three carved Greek figures representing Peace, Victory, and Valor. Inscribed on the back of the Tomb are the words:

*“Here rests in honored glory an American soldier known but to God.”*

The Tomb sarcophagus stands above the grave of the Unknown Soldier of World War I. To the west are the crypts for an Unknown Soldier from World War II and the Korean War. A white marble slab flush with the plaza marks each crypt.

In the following years, thousands of people flocked to Arlington National Cemetery to pay their respects at the Tomb of the Unknown Soldier, which soon came to symbolize the sacrifices of all American Servicemembers.

In 1926, Congress established a military guard to protect the Tomb during daylight hours. Since midnight on July 2, 1937, the Army has maintained a 24-hour guard over the Tomb. Sentinels of the 3rd U.S. Infantry, “The Old Guard,” assumed these duties on April 6, 1948, maintaining a constant vigil regardless of weather conditions.
